

# **ANNOUNCEMENT**

## **CORONAVIRUS (COVID-19) Preventive Measures**

**As the impact or severity of the current outbreak of COVID-19, the Board of Engineers Malaysia (BEM) has implemented precautionary and hygiene measures across its premises (Level 11 & Level 17) to protect the well-being of members, staff and public.**

**All members attending meetings at BEM or visiting BEM registration / reception counter are required to declare their status on the following:**

- (a) Whether they had travelled overseas in the last 3 weeks.**
- (b) Whether they were in contact with any of the confirmed cases of COVID-19.**
- (c) Whether they are having symptoms such as flu, cough, fever etc.**

**Members declaring that they are in either one of the above category are advised not to attend meetings or visit the registration / reception counters.**

**BEM places hand sanitizers at all registration / reception counters, meeting rooms and staff entrance. The sanitization works will be carried out within the premise on daily basis.**

**BEM will continue to exercise a high degree of caution to contain any potential spread of virus among the stakeholders.**
